

CAROLINE ASTOR SUITE

The spacious Caroline Astor Suites are the picture of grace and refinement with beautiful furnishings and decorative flourishes throughout. French doors lead from an invitingly plush sitting area to a large furnished balcony with captivating views of the hotel's Pool Piazza and Grand Terrace. The suites have a luxurious bedroom with one king bed and an exquisite white marble bathroom. Every detail is designed to surround guests in a residential-style sanctuary.

Named to honor the indomitable "Mrs. Astor," the celebrated mother of St. Regis founder John Jacob Astor IV, the 680 square-foot Caroline Astor Suites surround and pamper guests with grace and style. Each of the three suites provides a spacious one-bedroom retreat with a sitting room and a beautifully furnished 200-square-foot balcony.
