Open the door to find beautifully appointed accommodations, complete with a large bedroom and an inviting sitting area furnished with a sofa and armchairs. Two of the Metropolitan Suites are specially configured to accommodate hearing-impaired guests with one king bed or two queens.

Elegant crown moldings and macassar ebony furnishings meld with a soothing color palette to define artful residential style throughout the spacious sitting area and bedroom. Hues of cream, taupe and mineral green create a soothing space made even more inviting with original artwork and floor-to-ceiling windows.
