

ST. REGIS SUITE

The St. Regis Suites offer residential-style living in grand and welcoming surroundings. Each of the hotel's 19 St. Regis Suites invites guests to relax in the luxury of 1,000 square feet of elegance. Divided between a spacious bedroom and a large, finely appointed living room with floor-to-ceiling windows, St. Regis Suites connect to a Superior King or a Superior Room with two queen beds. Allowing the spaces to be configured as a two-bedroom suite creates the perfect option for families.

These stately suites also feature a dining table accommodating up to four guests, as well as one-and-a-half baths and state-of-the-art technology, including wireless high-speed Internet access, an iPod SoundDock, a DVD player and a sleek 37" flat-screen LCD television.
